

RESIDENTIAL AGED CARE

Delivered by Rockpool

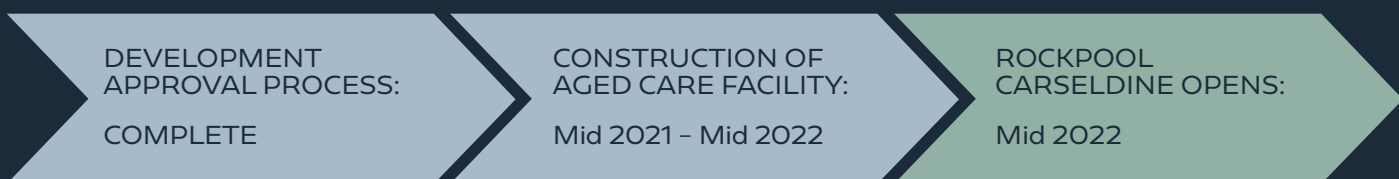

ROCKPOOL RESIDENTIAL AGED CARE IS COMING TO CARSELDINE VILLAGE!

Rockpool Residential Aged Care is bringing a world-class residential aged care facility to the Carseldine Village community. With intergenerational living fast becoming a key driver in new home purchasing decisions; this is an amazing opportunity to live in a beautiful terrace home close to friends or family in a new Rockpool residential aged care complex.

Rockpool is a fully accredited residential aged care provider offering aged care, respite care and specialist memory support care. Rockpool is committed to providing care and services that create an environment for residents, families and staff that is safe, secure, inclusive, contemplative, reflective and vibrant. Rockpool believe in celebrating and nurturing the individual, embracing people from all walks of life, creating diverse communities where each and every member is supported and encouraged to live their best life, connected to loved ones and supported by people who care.

Rockpool Carseldine construction timeline is below. Please note this timeline is a guide only:

RESIDENTIAL AGED CARE

Delivered by Rockpool

HOW WE CARE

SPACE TO LIVE

Rooms at Rockpool are designed to provide residents with their own private sanctuary, enough space to host guests and entertain, or simply enjoy their own company.

CREATURE COMFORTS

We go the extra mile in providing all the services and creature comforts expected at your own home, including nutritious, chef-prepared meals, daily housekeeping, laundry, hair and beauty salon and a coffee shop.

CONNECTIVITY

Through easy to use, in-room smart TVs & WIFI, our residents and their loved ones remain connected. This custom designed in-room technology provides video calling, photo sharing, free to air TV and Netflix, Foxtel, daily activity bulletins and menus.

CARE AND SUPPORT

Tailored care and assistance is provided to each and every one of our residents including a 24/7 Registered Nurse on duty, distress/'nurse call' alert system and a vitality wellness centre.

ENVIRONMENT

Rockpool provides a variety of spaces and amenities that enable our residents to live how they want to live, with domestic kitchen for supervised cooking or baking, kitchen garden, walking track, bocce court, putting green and shaded seating areas in landscaped gardens, cinema, coffee shop and outdoor BBQs, community dining and lounge rooms, and a private dining room for special functions.

OUR INNOVATIONS

SUSTAINABILITY AND CARING FOR THE ENVIRONMENT

- Committed to achieving a 5 Star GreenStar rating
- Rainwater harvesting for re-use on landscaping
- Solar PV to reduce energy dependence on grid
- Heat exchange and reticulation in laundry and kitchen
- Three electric vehicle charging stations.

CARING FOR OUR RESIDENTS AND THEIR QUALITY OF LIFE

- Best practice models of care to empower residents to re-assume control of life
- Embracing the whole family into the care model and connecting with the local community
- Interactive TV with personal photo library and music library, video conference capability, feedback app, personal activity diary, daily menu and activities, and streaming/free to air TV
- Bidets (Japanese style) hot/cold and dry to help maintain residents' dignity
- Nurse call system with immediate voice communication to enable triage
- Supply and launder staff uniforms to enforce infection control (not transmitted home).
